

# PERSONNEL

## FMS ON-& OFFSHORE PERSONNEL

FMS has many years of experience as a supplier of personnel for various jobs on-shore as well as off-shore. With this experience we have from our humble beginning gone a long distance.

Today we offer services that are fully competitive with companies operating in similar sectors on a large global scale. FMS has international certifications such as **ISO 9001:2008, MLC 2006 and AchillesJQS.**

We dispose over personnel ranging from unloading or cleaning personnel to nurces, engineers and others for the on- & offshore sector. Our trademark is: **fast, flexible and effective service with highly competitive rates.**

We deliver at short notice and provide staff for for example, harbours, warehouses, ship yards and others. Our staff has all necessary and EC-required knowledge and skills to handle goods, tools and equipment in such a way that in each case special consideration is taken to security, environment and quality.

Our services include everything from small one-man tasks to entire work teams that can handle large demanding operations.
