**Projects/-
assignments:**

Here you describe the tasks and projects you have attended in your various relationships. For each task / project specified period, company name, your role and the project name followed by your responsibilities, tasks, and applied technology and possible results (here a hypothetical example):

2008 – Now Offshore Centre A/S

Role: Project Manager- Chief Engineer

Project: Testing of Ballast water treatment.

Assignment:

Results:

Role: We traded in North Sea area as Shuttle Tanker and mainly on charter for Statoil or Teekay.

During the summer season, the vessel was on the spot marked.

In 2014, we were for 3 months in North Norway “Honningsvåg”, as a terminal vessel, in which we were in STS operation every 2 or 3 day.

In 2015, we went for one trip down to the Mediterranean Sea to North Africa to collect oil for the European market.

Recommendation for the work on-board Grena Steinar Karlsen, Master, M/T Grena I, Captain Steinar Karlsen, can confirm that Mr. Pauli Joensen signed on Grena first time March 05, 2014 and since that has been working 4 weeks on-board and home (1-1) system. He has performed his duty very good and I can highly recommend him. Best regards Steinar Karlsen October 2014, Steinar Karlsen, Master, M/T Grena Knutsen DP Officer
